

WCT Engineering unit accepts RM163m job

The Edge - Surin Murugiah

WCT Engineering Berhad's unit WCT Construction Sdn Bhd has been awarded a RM163 million contract to construct apartments and a club house at Bukit Tunku, Kuala Lumpur.

In an announcement on April 12, WCT Engineering said its unit had accepted the letter from Tijani (Bukit Tunku) Sdn Bhd to build three blocks of 5-storey duplex apartments with a single storey semi-basement carpark, two blocks of 15-storey apartments with a 2 1/2-storey car park and a 2-storey club house

It said fundings for the 24-month project will be through internally generated funds and/or bank borrowings.

WCT Engineering the project was expected to contribute positively to its future earnings.
